DOCUMENT SUPPLY SERVICES

The Library of Faculty of Medicine has newly subscribed to the British Library Document Supply Service (BLDSS), based on the recommendations of its Library committee.

Through this service, scholarly journal articles which are not available through existing channels can be purchased. BLDSS is a world famous article delivery service established more than decades before. The new BLDSS service is found to be very convenient and the service is provided online.

Academics of Faculty of Medicine can make their article requests via e-mail, to the official e-mail address of the Library of Faculty of Medicine: medlib@lib.cmb.ac.lk. An article request is considered to be valid, only if it is sent, via an e-mail account, belonging to the 'Domain of University of Colombo' (cmb.ac.lk). Research students of Faculty of Medicine can send their article requests through their respective supervisors.

The Library will be coordinating this service, in order to cater to the academic community of Faculty of Medicine, University of Colombo.

2017 Research output of our Academics.....

- 22q11. 2 deletion syndrome in diverse populations .
Kruszka, Paul [et..al]
American Journal of Medical Genetics Part A 173:4 2017 p. (879-888)
DOI: 10.1002/ajmg.a.38199
